

If You Can't Give Me Love (Suzi Quatro)

Intro: C

First note to sing: G

Well I've seen you before on that discotheque floor

You were driving me out of my mind

Oh, but I could have sworn that I saw something more in your eyes.

Although you were surrounded by beauty unbounded

Your glance was intended for me

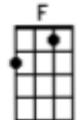

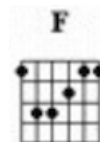

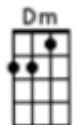

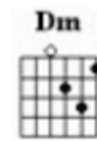

And though I tried to hide it I found myself looking to see you.

So then you took your chances, you made your advances

Your touch took my breath away

But when you said hello, are you ready to go.

Well I had just one thing to say...

If you can't give me love Honey, that ain't e-nough

Let me go look for somebody else

If you can't give me feelings with old fashioned meanings

Just stay in love with your-self

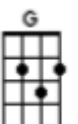

If you can't give me love (Love)

If you can't give me love (Love)

If you can't give me love (Love)

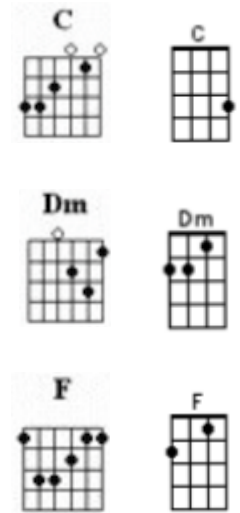

If you can't give me love (Love)

If you can't give me love.

 C G
 And baby that's why we don't stand a chance
