## Verse 1:

**G(B)** **Gmaj7** **C**  
 City girls just seem to find out early,  
**Am** **D**  
 How to open doors with just a smile.  
**G** **Gmaj7** **C**  
 A rich old man and she won't have to worry;  
**Am** **C** **G** **(Am D7)**  
 She'll dress up all in lace and go in style.

## Verse 2:

**G** **Gmaj7** **C**  
 Late at night a big old house gets lonely;  
**Am** **D**  
 I guess every form of refuge has its price.  
**G** **Gmaj7** **C**  
 And it breaks her heart to think her love is only  
**Am** **C** **G** **(Am D7)**  
 Given to a man with hands as cold as ice.

**Verse 3:**

**G** **Gmaj7** **C**  
 So she tells him she must go out for the evening  
**Am** **D**  
 To comfort an old friend who's feeling down.  
**G** **Gmaj7** **C**  
 But he knows where she's goin' as she's leavin'  
**Am** **C** **G** **(C G)** {STOP}  
 She's headed for that cheatin' side of town.

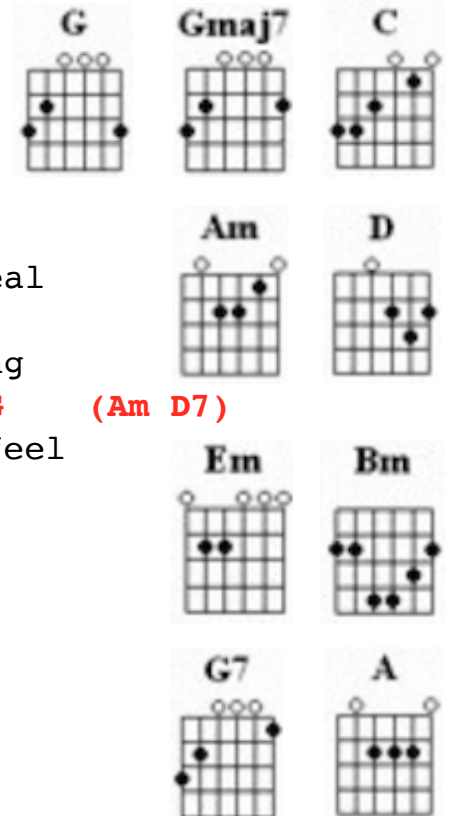

**Chorus:**

{N/C} **G C** **G**  
 You can't hide your lyin' eyes,  
**Em Bm** **Am** **D**  
 And your smile is a thin dis-guise.  
**G G7** **C A**  
 I thought by now you'd rea-li-se  
**Am** **D** **G**  
 There ain't no way to hide those lying eyes.

**Instrumental:** **G Gmaj7 C Am D G** (a repeat of the intro tab)

**Verse 4:**

**G** **Gmaj7** **C**  
 On the other side of town a boy is wait-ing  
**Am** **D**  
 With stormy eyes and dreams no-one could steal  
**G** **Gmaj7** **C**  
 She drives on through the night anticip-ating  
**Am** **C** **G** **(Am D7)**  
 Cos she makes him feel the way she used to feel

**Verse 5:**

**G** **Gmaj7** **C**  
 She rushes to his arms they fall to-gether  
**Am** **D**  
 She whispers that it's only for a while  
**G** **Gmaj7** **C**  
 She says that soon she'll be coming back for-ever  
**Am** **C** **G** **C G** {STOP}  
 She pulls away and leaves him with a smile.

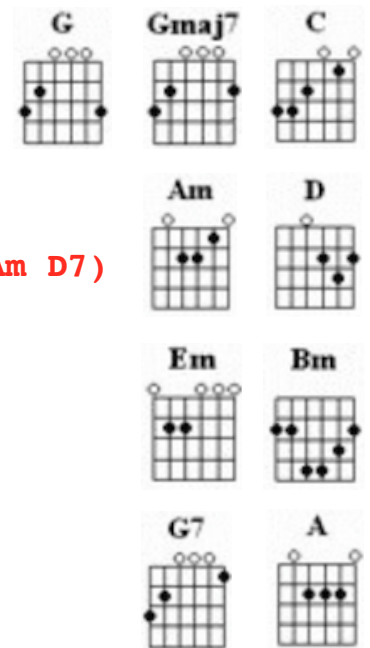

**Chorus:**

{N/C}            G C                            G  
 You can't hide your lyin' eyes,  
                   Em Bm                            Am            D  
 And your smile is a thin dis-guise.  
                   G G7                            C A  
 I thought by now you'd rea-li-se  
                   Am                            D                            G  
 There ain't no way to hide those lying eyes.

**Instrumental:** G Gmaj7 C Am D G (a repeat of the intro tab)

**Verse 6:**

G                            Gmaj7                            C  
 She gets up and pours herself a strong one  
                   Am                            D  
 And stares out at the stars up in the sky.  
                   G                            Gmaj7                            C  
 An-other night, it's gonna be a long one;  
                   Am                            C                            G                            (Am D7)  
 She draws the shade and hangs her head to cry.

**Verse 7:**

G                            Gmaj7                            C  
 And she wonders how it ever got this crazy  
                   Am                            D  
 She thinks about a boy she knew in school  
                   G                            Gmaj7                            C  
 Did she get tired or did she just get lazy  
                   Am                            C                            G                            (Am D7)  
 She's so far gone, she feels just like a fool

**Verse 8:**

G                            Gmaj7                            C  
 My, oh my, you sure know how to arrange things;  
                   Am                            D  
 You set it up so well, so careful-ly.  
                   G                            Gmaj7                            C  
 Ain't it funny how your new life didn't change things;  
                   Am                            C                            G            C            G {STOP}  
 You're still the same old girl you used to be.
