|---|---|---|---|--|---|
|  |  |  |  |  |  |
| <b>G</b>  | <b>C</b>  | <b>Am</b>   | <b>Dm</b>   | <b>G7</b>  | <b>C</b>  |

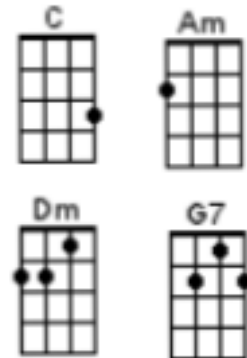

|          |          |          |          |
|----------|----------|----------|----------|
| A  ----- | E  ----- | C  ----- | G  ----- |
| -x-----  | -0-----  | -0-0-2-  | -0-4-5-  |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |
|          |          |          |          |

**Verse 2:**

**C** **Am**  
 And when you smile, the world is brighter.  
**Dm** **G7** **B C D E**  
 You touch my hand, and I'm a king. **{Oh Oh Oh Oh}**  
**C** **Am** **E A G F**  
 Your kiss to me, is worth a fortune. **{Oh Oh Oh Oh}**  
**Dm** **G7**  
 Your love for me, is every-thing.

**Bridge 2:**

**C** **C7**  
 I guess I'll never know the reason why,  
**F** **G7** **C** **A7**  
 You love me as you do.  
**Dm** **G7**  
 That's the wonder,  
**C**  
 The wonder of you.

**TAB 2:**

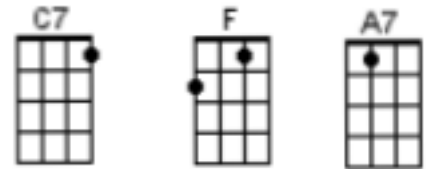

**C** **Am** **Dm** **G7**

```

A | -3-2-0---0-----0--2- |
E | -----3---1---3----- |
C | -----                 |
G | -----                 |

```

**Dm** **G7** **C**  
**{Wonder of you}**

**Instrumental:**

**C** **Am** **Dm** **G7**

```

A | -3-3-3-2-0-2-3-3-- | ---5-5-5-5----- |
E | -----             | -----8-7--    |
C | -----             | -----         |
G | -----             | -----         |

```

**C** **Am** **Dm** **G7**

```

A | -7-7-7-7-10--7-7-- | ---8-8-8-7-5-7-8-- |
E | -----             | -----         |
C | -----             | -----         |
G | -----             | -----         |

```

**Ending:**

**C** **C7**  
 I guess I'll never know the reason why,  
**F** **G7** **C** **A7**  
 You love me as you do.  
**Dm** **Dm Dm G** **C (2 3 4) F F G G C**  
 That's the wonder... the wonder of you.
